## AUSBIOTECH 2010 NATIONAL CONFERENCE SPEAKERS' PROFILE

**Dr Dianne Glenn**  
**Principal**  
**Corelli Consulting**

Dianne Glenn has a breadth of experience within the industrial biotechnology sector, from amino acid fermentation, microbial production of fine chemicals such as carotenoids, to biocatalysts and waste stream remediation. Her experience in this sector encompasses hands-on bench and pilot scale research and development, investment analysis, and strategic and opportunity review. Her recent work has been the development of a biorefinery framework for production of chemicals and polymers from sustainable agricultural feedstocks

Dianne is the principal of the Corelli Consulting based in Sydney, and has a background in commercialisation and corporate activities, in KPMG, as an analyst within a boutique institutional investment bank; in a private biotechnology company, in both research and management positions; and as a research scientist in government and academic research institutes. She holds a PhD in molecular biology from the University of NSW, Sydney, Australia.
