AUSBIOTECH 2010 NATIONAL CONFERENCE SPEAKERS' PROFILE

Dr Greg Roger
Chief Executive Officer
Advanced Surgical Design & Manufacture

Associate Professor Dr Roger, following his Medical Degree at Sydney University and Internship at Royal North Shore Hospital, undertook a Masters degree in Engineering at Sydney University in order to start solving Medical Device design problems. Dr Roger went on to acquire a history of medical device innovation including co-designing and developing both the RCI screw, now sold through Smith and Nephew and the highly successful Active Knee prosthesis. He subsequently innovated a novel surface polishing and cleaning technique, which has significantly improved the expected life of joint replacement world wide. The company he founded to produce Medical Devices, ASDM has also helped the designs and inventions of Australian surgeons and inventors to achieve commercialisation. In 2004 Dr Roger received a Clunies Ross Award and in 2005 he received the Warren Centre Hero of Innovation Award and was appointed Adjunct Associate Professor in the School of Aerospace, Mechanical & Mechatronic Engineering at the University of Sydney. In 2006, Engineers Australia Sydney Division awarded Dr Roger Entrepreneur of the Year. In 2007 Dr Roger was awarded Sydney University Faculty of Engineering's Alumnus of the Year.
