AUSBIOTECH 2010 NATIONAL CONFERENCE SPEAKERS' PROFILE

Dr Lee Anne Murphy
Executive Director
Manitoba Agri-Health Research Network Inc (MAHRN)
Canada

Lee Anne serves as a first point of contact for groups and individuals seeking to connect with Manitoba's vibrant functional food and nutraceutical industry. A graduate of the University of Manitoba, Lee Anne combines a solid technical background with 'on the job' credentials gained in public and private companies. Prior to joining MAHRN, Lee Anne provided strategic communications counsel to public, private, not-for-profit association and government clients. In addition to raising two sons, the Murphy's operate a small farm in Fort Whyte, Manitoba, where they keep busy with small plot research; growing the world's best garlic and involuntarily feeding thousands of Canada Geese during their fall migration.
