AUSBIOTECH 2010 NATIONAL CONFERENCE SPEAKERS' PROFILE

Peter Lewis
Head, Business Development
Hydrix

Peter Lewis has worked at senior executive and Board levels in industry and government across technology, finance and diplomatic roles in Asia, the United States & Australia.

As head of business development for Hydrix, one of Australia's largest biomedical product design & development engineering consultancies, Peter leads the global sales & marketing effort for their cutting edge design services.

Previously head of technology & strategy at Blueant Wireless, an Australian designer and supplier of wireless devices for global markets, Peter led world-wide product development and marketing. Previously Peter was a Principal with Gramercy Private Equity where he led numerous M&A transactions between Australia and Chinese technology companies. Previously head of corporate business development for CSIRO, Peter led the organisation's commercial efforts in successfully engaging with numerous multinationals including Du Pont, Procter & Gamble, National Starch, Schlumberger and many others. Prior to CSIRO, Peter was Senior Trade Commissioner & Consul General for Australia based in San Francisco where he led the Austrade team responsible for promoting the Australian Biotechnology industry to North American markets.

Peter has a degree in Electrical Engineering and an MBA and has undertaken executive studies at Stanford and INSEAD on international technology trade & marketing. Peter regularly tweets on innovation and wireless technologies under the moniker 'innovation9'.
