## AUSBIOTECH 2010 NATIONAL CONFERENCE SPEAKERS' PROFILE

**Dr Sunil Mehta**  
**Director, Technology Development**  
**KBI Biopharma Inc.**  
**United States**

Dr. Sunil Mehta is Director of Technology Development at KBI Biopharma, Inc., where he leads the development and commercialization of KBI Biopharma's proprietary single-use kSep® technology that has diverse bioprocessing applications. Prior to joining KBI, he worked at Centocor (a Johnson & Johnson subsidiary) in Pharmaceutical Development where he developed innovative microbial and mammalian processes and invented a method to identify and isolate high titer-producing clones. Dr. Mehta has developed expertise ranging from R&D to commercial manufacturing through his work experience at Mojave Therapeutics, Inc. and Roche. Dr. Mehta received his Ph.D. in Molecular Pharmacology, Physiology, and Biotechnology from Brown University and his undergraduate degree from Birla Institute of Technology and Science in India. Dr. Mehta is an established technology leader, who has delivered several invited seminars and holds a number of key patents.
